

Alabama Music Educators Association

INDUSTRY/INSTITUTIONAL MEMBERSHIP

You are cordially invited to become an industry/institutional member of the Alabama Music Educators Association. AMEA is a non-profit organization that provides in-service opportunities for its members and educational opportunities for the music students in our state. Active members include music educators at public and private K-12 schools, colleges, universities, and private music teachers. AMEA's membership also includes college students preparing for careers in music education and retired members.

Industry/institutional members assist in maintaining an open communication between AMEA active members and music dealers, educational institutions, musical organizations, clubs, other supportive groups and individuals having an involved interest in music education.

Becoming an industry/institutional member gives all the rights and privileges of active members except the right to vote or hold office.

Industry/institutional members are regarded by AMEA's Board and membership as an elite group that extends beyond their businesses and services by being partners with the music education professionals who in turn support and patronize them. This is an opportunity to add YOUR name to the rolls as an industry member. AMEA's membership year runs from July 1 through June 30.
